## Adam Rickitt, Everything My Heart Desires

Chorus: One Kiss Heaven isn't far You're everything my heart desires Your love has no missing parts It's everything my heart desires There ain't no one better for me Every day and night Baby, in my life It's you-you're my front page story Wanna tell the world I'm in love with you girl Can't believe it's real Everything I feel Baby, it's too hard to conceal Chorus: One Kiss Heaven isn't far You're everything my heart desires Your love has no missing parts It's everything my heart desires Thought I'd be forever searchin' On an open road I had nowhere to go So I, I said a prayer and God heard it Come and set me free Send an angel to me And then you appeared Everything was clear I just can't believe that you're here Chorus: One Kiss Heaven isn't far You're everything my heart desires Your love has no missing parts It's everything my heart desires The best thing Underneath the stars You're everything my heart desires Don't change I love the way you are You're everything my heart desires Repeat Chorus to fade
