

# Adam & The Ants, Yin Yang

Adam Ant/Marco Pirroni/Boz Boorer

I got Utah dust  
Inside my boots  
Peroxide  
Covering my roots  
Know what it's like to love  
And like to be loved  
I tell you it's such a thrilling thing

That's just the Yin and the Yang of it  
Sweet China went to dust for the want of it  
Call it Zen or call it Buddah  
Inner peace or Heavy Banana  
That's just the Yin and the Yang of it  
Sweet China swam in blood for the need of it  
So don't you ask me to stop wanting  
Don't ask me to stop needing it  
It's just the Yin and the Yang of it

Call it Zen or call it Buddah  
Inner peace or Heavy Banana  
That's just the Yin and the Yang of it  
It's got some words and a beat to it  
So don't you ask me to stop wanting it  
Don't ask me to stop needing it  
It's just the Yin and the Yang of it

In from the cold  
Show me ecstasy  
Just let the tears  
Roll on out of me  
Know what it's like to love  
And like to be loved  
I tell you it's such a thrilling thing  
That's just the Yin and the Yang of it...
