Adeaze, Getting Stronger

listen to me im feeling afraid of something in my life that is wrong and i need you to tell me that im ok dont worry because i am strong

i know it gets hard sometimes but remember that im only human and the things that i face are the same things that you can help me to over come

chorus

i dont want nobody else
i dont need somebody else
to tell me about love
i am strong on my own
but if you think you can tell me
why the things im doing is going wrong
its just me getting stronger

well im here to tell you that im ok that with or without you im the same but dont get me wrong im still waitin for the day when we can say we went all the way

life is about all the meaningful things that we get to share with each other so leave the past behind and each other we'll find our love is strong again

chorus x2

its just me getting stronger x2
