

Adele, All Night Parking (Interlude) (with Erroll Garner)

I know you've got things to do
I do too!
I just want to spend all my time with you
Feels so good!
I'm so hard to impress
Don't leave me on this stretch alone

When I'm out at a party
I'm just excited to get home
And dream about you
All night long

I don't know how you got through to me
I'm so cold
It's all happening so easily
Like "oh my god!"
It's so hard to digest
Usually I'm best alone
But every time that you text
I want to get on the next flight home
And dream next to you
All night long

Maybe it's the way you remind me of
Where I come from
Or how you make me feel beautiful
And then some
The sight of you is dramatic
One glimpse and I panic inside
I get lost in our hours
Cause you possess powers I can't fight
That's why I dream about you
All night long
