

Adele, My Same

You're set in stone and I never give in
I think you're stubborn 'cept you're always softening
You say I'm selfish, I agree with you on that
I think you're giving off way too much in fact
I say we've only known each other one year
You say, "Pff, I've known you longer my dear"

You like to be so close, I like to be alone
I like to sit on chairs and you prefer the floor
Walking with each other, think we'll never match at all, but we do
But we do, but we do, but we do

I thought I knew myself, somehow you know me more
I've never known this inevitable
You're the first to make out whenever we are two
I don't know who I'd be if I didn't know you
You're so provocative, I'm so conservative
You're so adventurous, I'm so very cautious, combined
You think we would and we do, but we do, but we do, but we do

Favouritism ain't my thing but
In this situation I'll be glad

Favouritism ain't my thing but
I'll be glad to make an exception

You're set in stone and I never give in
I think you're stubborn 'cept you're always softening
You say I'm selfish, I agree with you on that
I think you're giving off way too much in fact
I say we've only known each other one year
You say, "Pff, I've known you longer my dear"

You like to be so close, I like to be alone
I like to sit on chairs and you prefer the floor
Walking with each other, think we'll never match at all, but we do
