As You Held Me

I won't cry anymore

I can't believe that it's over

I can't believe what you've done

You threw my heart away

With nothing more to say

Only you're sorry

My heart dies a little more

Everytime I think of how you played

You're always with another

You're so good at the game

You had me fooled I couldn't see how you lied to me

And I wonder why you had said you cared for me

If you had her by your side

Why didn't you just set me free

So deceived by your lies everyday, I can't believe

I died in your arms that night

Chorus:

As you held me

As you held me

We were as one in my mind

And how it seemed everlasting

You would always be mine

Until the game you played

You let my heart astray

You awakened me from my dreams

And I won't ask you why

You say you just couldn't tell me

All along you had another

Playing make-belief

While my heart lay asleep

How could you lie to me

And I wonder why you had said you cared for me

If you had her by your side

Why didn't you just set me free

So deceived by your lies everyday, I can't believe

I died in your arms that night

Chorus

And I don't know why I didn't care enough for you

When I had you by my side

I didn't know just what to do

But I'm saying that I lie

Everytime I couldn't see

I died in your arms that night

Chorus
