Adelis, As You Held Me

Adelis Miscellaneous As You Held Me I won't cry anymore I can't believe that it's over I can't believe what you've done You threw my heart away With nothing more to say Only you're sorry My heart dies a little more Everytime I think of how you played You're always with another You're so good at the game You had me fooled I couldn't see how you lied to me And I wonder why you had said you cared for me If you had her by your side Why didn't you just set me free So deceived by your lies everyday, I can't believe I died in your arms that night

Chorus:

As you held me As you held me

We were as one in my mind And how it seemed everlasting You would always be mine Until the game you played You let my heart astray You awakened me from my dreams And I won't ask you why You say you just couldn't tell me All along you had another Playing make-belief While my heart lay asleep How could you lie to me And I wonder why you had said you cared for me If you had her by your side Why didn't you just set me free So deceived by your lies everyday, I can't believe I died in your arms that night

Chorus

And I don't know why I didn't care enough for you When I had you by my side I didn't know just what to do But I'm saying that I lie Everytime I couldn't see I died in your arms that night

Chorus
