## Adolescents, Lockdown America

Ten minutes til' twelve o'clock, That's when the hammer drops, Sienide in the chamber, Until the humvee stops,

The last man (Dying man), In a dying democracy, Past americana, From see to shining see,

[Chorus:] Lockdown, America Lockdown, America Lockdown, America...

Solution in his layer, Is locked up in a cage, Sweepin' under a road,

[Chorus]

Lock him in a cell, Spread him of his rights, One latch a time,

March above the hill, Stand above the ground, One latch at a time,

[Chorus]
