

Adrian Belew, Sex Sleep Eat Drink Dream

Sex sleep eat drink dream

Primal tribal apple egg
Vegetable eel
I have a new canoe
But it does not have a wheel

Sex sleep eat drink dream

Private velvet animal
Oldsmobile mind
I'm sitting in the fireplace
Burning up my time

Sex sleep eat drink dream

Private velvet animal
Empty t.v.
They're fishing in the kitchen
But they haven't caught up to me

Primal tribal chemical
Digital night
I've got to get dressed to go out
Of my mind

Sex sleep eat drink dream
