Aerosmith, Adam's Apple

Back when Cain was able

Way before the stable

Lighting struck right down from the sky

A mother ship with fate said let's give it a try

Conscience was related

Man he was created

Lady luck took him by surprise

A sweet and bitter fruit it surely opened his eyes

Well she ate it

Lordy it was love at first bite

Well she ate it

Never knowin wrong from right right

Even Eve in Eden

Voices tried deceiving

With lies that showed the lady the way

At first she stopped and turned and tried to walk away

Man he was believer

Lady was deceiver

So the story goes but you see

The snake was he and she just climbed right up his tree

So she ate it

Lordy it was love at first bite

Well she ate it

Never knowin wrong from right right

Whooooaaa......

Conscience was related

Man he was created

When lady luck took him by surprise

The sweet and bitter fruit it surely opened his eyes

Evil came like reignin

Who knows who's to blamin

Something tried to lay her to waste

And all she want and need was just a little taste

Whooa, she ate it

Lordy it was love at first bite

Well she ate it

Never knowin wrong from right right

Well she ate it

Lordy it was love at first bite

Yeah she ate it

Never knowin wrong from right right

Oh that's right
