

# Aerosmith, Drop Dead Gorgeous

Totally out of control  
She owns me  
I didn't know that  
She'd know  
She stoned me  
I think I've got it bad  
And I can't let it go  
I thought I knew me much better  
Autumn & cashmere  
All orange and green  
She's naturally  
Drop dead gorgeous  
Creme de gardenia  
And black vaseline  
She's naturally  
Drop dead gorgeous  
It's so not fair  
Completely inside my head  
Imagine pretending  
She's the book that I've read  
With a beautiful ending  
It really drives me mad  
I can't leave her alone  
Cuz I won't let me forget her  
Rose colored glasses  
You know what that says  
She's naturally  
Drop dead gorgeous  
Her sweet molass' is all mine  
Pasque frez  
She's naturally  
Drop dead gorgeous  
Totally out of control  
She owns me  
Sweet almond eyes  
Just to see and b seen  
She's naturally  
Drop dead gorgeous  
She's tasting like cherries  
Sweet love's grenadine  
She's naturally  
Drop dead gorgeous  
Makes love like a rabbit  
To my velveteen  
She's naturally  
Drop dead gorgeous  
A ten with a smile  
Like a young Norma Jean  
She's naturally  
Drop dead gorgeous  
Yes!
