

Aerosmith, Just Push Play

(Voicing in Jamaican patois)
She gave u a flower
The one that God gave her
U all up in de kool-aid
But u do not know de flavor
Get into the zone baybee
And do yourself a favor
Head down spin around
Get a little refried
If that don't get it u can
Ketch it on the b side

Just push play
FNA
Just push play
They're gonna bleep it anyway
Just push play
FNA
Just push play
We're comin' at u anyway

Sweet leaf dreamer you been
Smokin' up the ganja
Damned if u do, yeah
But don't get any on ya
Kickin' off the cashmere
Puttin' on the casbah
It's a kiss, a diss
And trade it 4 a coo hah

Just push play
FNA
Just push play
They're gonna bleep it anyway
Just push play
FNA
Just push play
We're comin' at u anyway

Instead of growin' old
All dapper and neat
I'm gonna grow my hair
Right down to my feet
It's u and me baby
No pimp daddy, Jack
It's Cadillac wack no Cadillac wack back

Just push play
FNA
Just push play
They're gonna bleep it anyway
Just push play
FNA
Just push play
We're comin' at u anyway

FNA
They're gonna bleep it anyway
Walk this way
We're comin' at u anyway
Just push play
Fuckin' A
Just push play
They're gonna bleep it anyway

S'il vous plait
Fuckin' A
Just push play
We're comin' at u anyway

Tell me what I say
Walk this way
Fuckin' A
We're comin' at u anyway
