## Aerosmith, Something's Gotta Give

Cyberotic head explode Information overload And I just can't take anymore And I'm gonna break

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true
Does the noise in my head bother you

Digerotic mass appeal Feels like flesh but tastes unreal And I'm gonna break

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Something's gotta give
Dont you like it
Tell me true
Does the noise in my head bother you
Something's gotta give
Hold your breath til you turn blue
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true
Does the noise in my head bother you

If love that seemed to fall from grace Was sitting on your interface Your megahertz she can't forgive Your love it died before you ever lived

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Something's gotta give
Dont you like it
Tell me true
Does the noise in my head bother you
Something's gotta give
Hold your breath til you turn blue
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true

Does the noise in my head bother you
