Aerosmith, South Station Blues

Got no place to run, no place to hide Sittin' at the railway station Destination far behind, behind Live my life for love, love that's hard to find Some are givers, I'm a taker Love can make you blind, make you blind

Got no time to lose, time you just can't find Give a dozen yesterdays to make tomorrow mine Make it mine Got one life to live, got just borrowed time Don't close or blink your eyes You'll lose your chance to fly, chance to fly

Got no place to run, no place to hide Sittin' at the railway station Destination far behind, behind Live my life for love, love that's hard to find Some are givers, I'm a taker Love can make you blind, make you blind
