

# Aerosmith, Write Me A Letter

Write me a letter  
write me a letter  
write it today  
I'm goin' away  
well I've been away forever  
suicide's crossin' my mind  
but I'll never get so far behind  
I said, the ways of the night are evil \*  
without that lord of day \*  
but I'll never get so far away  
I said write me  
write me  
write me  
well there's nothin' I can see that'd ever make me want to be without her  
she good, she good to me  
said there's no way to explain the kind of feeling that you get out in the  
she good, she good to me  
she good, she good to me  
I love her  
well I've been so many places  
hidin' from the wind and the rain  
but you could write me a letter  
for to save me from a-goin' insane
