

# aespa, Next Level

I am on the next level  
I follow the absolute rules  
Don't let go of my hand  
Unity is my weapon  
I walk to Kwangya  
I know your ground  
Confront the threat  
Beat it /3x

An unexpected black out  
The temptation is deep and strong  
Too hot /2x

Letting go of the hands held together  
But I'll never give up

I am on the next level  
I open the door over there  
next level  
I will destroy you
