

AFI, Aurelia

Aurelia, the new wolves await
Aurelia, the bought you new chains

They're barking in the wrong key /3x
And you sing alone

Aurelia, dream animal's wills
Are real enough to make the slow kill

They're barking in the wrong key /3x
And you sing alone

Can you see at night?
We can see at night

And we 're barking in the wrong key /3x
They're barking in the wrong key /3x
And you sing alone /3x
