After Classes, Advice For Life

You were born and live in this world
and you know it's not the worst
you know what you want
get up and look at the sun
you can do everything what you want
But if I don't want to see you
please leave me alone!
People always tell lies to you
you know I have a friend who
always says the truth
[Chorus:]
Don't tell me lies live your life don't you cry
someday everybody dies!
Don't tell me lies don't say good-bye tell your mind
someday everybody dies!
Do something otherwise the world will forget you
believe in dreams and carry trough
I think it's good if nobody's like you
you know I have a friend who always says the truth!
[Chorus]
