

# Afterburn Inc, Junior Split Intro

They call me junior Split  
Hear this shit that i writ  
I am a tru brit in an england town  
Southampton is where i'm found  
Hear my shit underground  
Even when that girl comes round  
Make her scream like a hurted hound  
When we were done i flicked her a pound  
She was ready for next round  
This right here is da afterburn sound.
