

# Against All Authority, The Restoration Of Chaos A

(Spoken)

You're free and freedom is beautiful,  
And uh you know it will take time to  
Restore chaos and order, but we, but we will

Chaos and order will destroy us  
Gonna be your saviour, and your employer  
So punch it get down on your knees  
Wash up the creator of this disease

The worlds doing time  
Don't step outta line it will all be fine  
Just surrender your mind  
Take part in the crime  
Fight out with the swine  
The burning bodies look so pretty  
In the night they shine

The dead are not concerned  
The restoration of chaos and order  
Cities crumble and bodies burn  
The restoration of chaos and order  
The dead are not concerned  
The restoration of chaos and order  
The rivers shine when the bodies burn  
The restoration of chaos and order

Chaos and order will destroy us  
Gonna be your saviour, and your employer  
So punch it get down on your knees  
Wash up the creator of this disease

The worlds doing time  
Don't step outta line it will all be fine  
Just surrender your mind  
Take part in the crime  
Fight out with the swine  
The burning bodies look so pretty  
In the night they shine

The dead are not concerned  
The restoration of chaos and order  
Cities crumble and bodies burn  
The restoration of chaos and order  
The dead are not concerned  
The restoration of chaos and order  
The rivers shine when the bodies burn  
The restoration of chaos and order

And I'm feeling fine while they shine  
Sleeping with the swine while they shine  
The restoration of chaos and order  
Restoration of chaos and order  
Restoration of chaos and order  
Restoration of chaos and order

And I'm feeling fine while they shine  
Sleeping with the swine while they shine  
The restoration of chaos and order  
Restoration of chaos and order  
Restoration of chaos and order  
Restoration of chaos and order  
Chaos and order  
Chaos and order now
