

# Agathocles, Lack of Personality

An image - is what - you try to keep  
You follow - the trends - society has breed  
You're scared - of showing - the "real" you  
Because - inside - you're a fool too

Just jump on the bandwagon  
Listen to the stuff that's in  
Go and meet your fashion friends  
Then drop dead while you trendy dance

You might possess everything  
Nice cut hair means girls to win  
But there's one thing you can't see  
Your lack of personality

Are you that important?  
I guess that is what you want  
Living just to show off  
But beneath your mask... ??
