

# Agent Orange, So Close And Yet So Far

let me remind you all again  
that there is never any room  
for any doubt  
i feel it in my heart, i shout it out  
and if i decide to change my ways  
it's not because i've found the latest craze  
it's just that i've got more to lose this time

you know that you can count on one thing  
i would never let you down  
as crazy as this world may seem  
the thing that keeps it spinning 'round  
is always there  
so close and yet so far

and you can believe it's true  
a reason behind everything i do  
a twist that makes it different every time  
there are those who say "it's all been done"  
there's nothing stopping us  
from having fun  
and that's why i'll be coming 'round again

you know that you can count on one thing  
i would never let you down  
as crazy as this world may seem  
the thing that keeps it spinning 'round  
is always there  
so close and yet so far...

...away - but it gets a little closer every day  
and i will hold it in my hand before i die  
you know there isn't any way that we can lose  
and you don't have to be confused  
by hollow words that never mean a thing  
when tragic things keep happening  
to everyone around you  
you don't have to be the same  
this is the song that begs to set you free  
a sparkle in the night  
when we come face to face  
don't close your eyes  
don't ever turn away

because the only way you'll ever know  
is if you ever really try  
so find out for yourself  
then you won't ever have to wonder why  
as crazy as this world may seem  
the thing that keeps it spinning 'round  
is you because you're always there  
so close and yet so far

always spinning around  
you're always there - so close and yet so far  
always there so far
