

Agent Sparks, Last Chance, Last Take

Now he's in an accident
He really won't change
Change
He's in an accident
He really won't change

Patience is slowly setting
On this pitiful evening
Well, how could you let this happen?
Frozen and in this constant still

Oh, boo-hoo-hoo
Oh, boo-hoo-hoo
Pity on you

Last chance
Last take
Makes it all
Better than pain
He won't ever let you
Fall

Last chance
Last take
Makes it all
Better than pain
Stand against the grind

You sweat so smooth and slowly
You should sweat in a lonely dance
A lonely dance
Well, my mind's made up
It's over
Can't find a four-leaf clover
You should be so lucky

Oh, boo-hoo-hoo
Oh, boo-hoo-hoo
Pity on you

Last chance
Last take
Makes it all
Better than pain
He won't ever let you
Fall

Last chance
Last take
Makes it all
Better than pain
Stand against the grind
Against the grind
Stand against the grind

Now he's in an accident
He really won't change
Change
He's in an accident
He really won't change

Last chance
Last take
Makes it all

Better than pain
He won't ever let you
Fall

Last chance
Last take
Makes it all
Better than pain
Stand against the grind
Against the grind
Stand against the grind
