## Agnetha F, I Won't Let You Go

Some girls want to play with you Doing things that they really can't do. They think that love is a game to play They ought to know that I get my way. They look at you with starry eyes Very soon they all realize. Play with fire and your fingers burn. I wanna tell them they never learn. I won't let you go, no, no, no I'll never let go oh baby you know: There's a special kind of love There's something magic when we touch. I won't let you go, no, no, no I'll never let go, I just couldn't hide. All the love I feel inside I want you with me by my side By my side. I never dreamed I would stay with you Just one look and I knew you were true. One more day and I woke up to find I couldn't think you were on my mind. I can't believe those other guys Hanging round with that look in their eyes. They'll never know what I'll get from you I wanna tell them I never do. I won't let you go, no, no, no I'll never let go oh baby you know: There's a special kind of love There's something magic when we touch. I won't let you go, no, no, no I'll never let go, I just couldn't hide. All the love I feel inside I want you with me by my side By my side, by my side. Play with fire and your fingers burn I wanna tell them they never learn. I won't let you go, no, no, no I'll never let go oh baby you know: There's a special kind of love There's something magic when we touch. I won't let you go, no, no, no I'll never let go, I just couldn't hide. All the love I feel inside I want you with me by my side

I won't let you go.
