

Agnieszka Twardowska, Slow Down

Have a rest
Just slow down
We don't need to hurry
There's no need to hurry
Where those all people rush?
Have a rest
Just slow down
We don't need to hurry
There's no need to hurry
Where those all people rush?

Just close your eyes
Take your time
You worry about everything
Just stop!
It is all right now
It is all right now
You're here with me
Here with me

You don't need to hurry
...
You just don't know
What he thinks about
There are only ... in the park
... to you
Just close your eyes
Take your time
You worry about everything
Just stop!
It is all right now
It is all right now
You're here with me

Stop thinking about money
.. worries
Stop worrying about all this thinks
Thinks...
You're here together
You're here together

Just close your eyes
Take your time
You worry about everything
Just stop!
It is all right now
It is all right now
You're here with me
Here with me
