

Aimée Allen, Crazy

Baby I think I've gone crazy
And if you want me then just take me
Baby I think I am paranoid
A girl like me keeps chasing all the boys
La la la la - woah
Everybody seems to agree
La la la la - woah
Everybody but me
Baby lately I've gone crazy
And I just need your kiss to save me
Baby it's the sound of your voice
That makes a girl like me stop chasing all the boys
La la la la - woah
Everybody seems to agree
La la la la - woah
Everybody but me
Come baby be with me
Come baby baby be with me
Come baby be with me
Come baby baby be with me
You're out all night
We're always fighting
But come on baby be with me
We'll be alright
If we keep trying
Ohh ohh about that girl
Come baby be with me
Come baby baby be with me
Come baby be with me
Come baby baby be with me
La la la la - woah
And everybody seems to agree
La la la la - woah
Everybody but me
La la la la - woah
And everybody seems to agree
La la la la - woah
Everybody but me
Come baby be with me
