Air - Generation

=====

How are you going to make me?

How are you going to take me?

If I don't want to go,

If I just don't want to know.

Chorus:

This is our generation.

If you've got something to say,

Why don't you say it anyway?

If you think someone's listening,

You must have more faith than me,

Can't you see?

Repeat chorus.

This is our generation.

Fuck the nation!

Annihilation.

Violation.

Segregation.

Humiliation.

This is what we do.

This is who we are.

This is our generation.
