

# Air, The Way You Look Tonight

I like the way you look tonight  
No blood in your vein, what does it mean ?  
Trashy art everywhere, on the screen  
Slow motion aftertaste, I've had foresight

That's the way you look tonight  
I like the way you look tonight

Free union rider in the sun  
Here comes the lord of audio beauty  
Do you really have a digital body ?  
People like you grim, lust for fun

That's the way you look tonight  
The way you look tonight  
I like the way you look tonight  
The way you look tonight....
