'ooo ooo oooo ooo ooo'

La la la la

'ooo ooo oooo ooo ooo'

La la la la

They love me when I'm home but I'm never there

We like it here but it's better there

We like it here but it's better there

Yeah we like it here but it's better there

'ooo ooo oooo ooo ooo'

La la la la

'ooo ooo oooo ooo ooo'

La la la la

Yeah we like it here but it's better there

Yeah we like it here but it's better there

Most the ends behind the steel gates

Some man experiencing some real pain

See some old friends and wonder if we're still mates

Couple brothers moving shaky since the deal came

Long as the fucking bills paid

Tried not to but I still changed

Most the girls I met are solid with some good hearts

But the ones who done me wrong I hope it still aches

Yeah

You could bang me up for life

I'd be handling it right

Boy I got Manny in my core

Yeah

All the cameras and the lights

Main attraction for the night if I get anti they get bored

Yeah

What's the damage on the price

By now there ain't much we can't actually afford

Yeah

But what's cash without a life

Three months I ain't even seen my family

I'm on tour

Went from trapping on a bike to a lavish livin' life

Bros standing up in court

Yeah

Pack your bag we got a flight

Tell mum and dad I love 'em

I'll be back again for sure

Yeah

Pack your bag we got a ride

Ain't my brother you can't come if you won't blast for me and more

Yeah

You get a fraction of my life

But the rest you don't know nuttin'

So don't act like you're on course

They love me when I'm home but I'm never there

We like it here but its better there

We like it here but its better there

Yeah we like it here but its better there

'ooo ooo oooo ooo ooo'

But how the fuck I'm supposed to leave?

When my brothers are in need I still got cousins in the streets

Went from Nuthurst to the quays came running straight back shit weren't as comfy as it seems

All this money I don't need but ain't made enough to quit looks like I'm doubling the fees

Take me home I just want peace loosing focus this ain't me I ain't been sober for a week

Only happy when I'm close to home need no one from family if they went I couldn't hold my own
Mum and dad had twins one of them with extra chromosomes so imma stay by 'em till somebody t
