

Akcent, My passion

Still got feelings, you are my passion
You are the one for me
Still got feelings, you are my passion
You are the one for me
Can you, can you hear me say
When im moving closer
You keep going away
cause youre my guilty pleasure
And you caught me so tight
I wanna love you always
Lets smile into the night
Dont let go
Dont run away love
Still got feelings you are my passion
Dont let go
Dont run away love
You are the one for me
Dont let go
Dont run away love
Still got feelings you are my passion
Dont let go
Dont run away love
You are the one for me
Can you, can you see the flame
The boring side my body
Everytime you are here
cause youre the one i dream of
Everyday and night
Dont give away my feelings
And come into my life
Dont let go
Dont run away love
Still got feelings you are my passion
Dont let go
Dont run away love
you are the one for me
Dont let go
Dont run away love
Still got feelings you are my passion
Dont let go
Dont run away love
You are the one for me
Dont let go
Dont run away love
Still got feelings you are my passion
Dont let go
Dont run away love
You are the one for me
