

Akeboshi, Night And Day

Day break, I'm sitting near your grave
I take my guitar out of the tin bag because I haven't got a case for it
I take a flight of fancy and see an airplane reflecting the sun
It carries many stories, enough for our flight
A couple of rabbits come out from nowhere
Wriggling their ears always together
Feeling, reeling, dealing, revealing, singing by your side
Because I know that I feel out of place anywhere I go
I sing night and day
I sing night and day
I sing night and day
Night and day
Night and day
I run night and day
I run night and day
I tun night and day
Night and day
Night and day
As all the things come together
Time flows past me like a never-ending river
People drifting in the forest of buildings
How many times am I gonna see you in my dreams
You're a memory now, one I pray never fades
I sing night and day
I sing night and day
I sing night and day
Night and day
Night and day
Night and day
Night and day
