Akon, Let's get crazy (ft.Cassie)

Lets get crazy tonight Lets get crazy tonight

Lets get crazy tonight

Im right here, all over the place like bubbles

My shine is like Americas next top model

Hands clap when Im rolling my body

Thats a seven if I was rolling the dice

I dont care III be dancing upon your table

Steal your bottle and III suck it down to the bottom

Think that Im cute to you, just smile

What you gon do about it now?

Lets get crazy tonight Lets get crazy tonight

I dont really care what nobody think

Lets get crazy tonight

Looking all hot and spending them Gs

We are crazy alright

Wanna live wild and free heres the recipe so

Lets get crazy tonight

Lets get crazy tonight Youre right here and I know that youre looking for trouble

And I just like the fire you need to rumble

Its all good cause we all keep to party I believe

That we gon get it just fine

My Serac is on the rocks and is always double

So I could lose control, I like it baby when I stumble

Think that Im cute to you, just smile

What you gon do about it now?

Lets get crazy tonight

Lets get crazy tonight

I dont really care what nobody think

Lets get crazy tonight

Looking all hot and spending them Gs

Wanna live wild and free heres the recipe so
