Anotha day up in the hood, cant beleive these cats still bang'n
Look at the years weve wasted, on the corna block still slang'n
No matta how hard we try to make peace, gun shots still rain'n
Cause to become a hood legand, you gata learn how to become famous
Cause i don seen this typea thing before
Just hang'n out by the corna store
Stick up kids wit them gunz galore
Layin everybody down streched on the floor
I thought about it man but im way to fly
To have a fella robb'n me outside
Thats why i keep that thing my side
Count every blessin while im screamin out

(Akon)

I hate to say it, but the people that surround'n me are way to shady
The only people i can trust, is my family and my lady
All my dawgz got gunz ready for action
They wont betray me
If the type to run, gotta hold my tougne
when it gets crazy
See, ive been threw this type of thing before
Even had trouble wit the law
On the couch when they smashed my door
With tha warrant, found the cash stashed under the floor
I could never understand the cause
I was the one to pull the shortest straw
Couldnt live this typea life no more
So i hada block it and i started screamin out

(Akon - chorus)

(yaaaaa...)

Realize'n this aint the life for me
Always gettin into trouble cause, im so fly

(Blewz)

Im in blue wit them BF frames
Walkin on lean while my chain hangs
Drivin somethin, but now its mad strange
Yea im mad cool, cause ive been through flames
Walk wit a limp, cause ive been through games
Now shes a hoe cause shes been through gangs
I beef wit cats, for a small chump change
Im rich now, cause i jumped a chump wit a small amount of change
The cops no slang
Man get the picture, before you buy the frame
Call me heart throbb, cause im so fame
Couldnt come closer if you sat in my range
My paws can prove it, cause im passion in pain sayin...

(Akon - chorus)

Realize'n this aint the life for me
Always gettin into trouble cause, im so fly
