Akon, Tonight

I remember the times we spent together

On those drives

We had a million questions

All about our lives

And when we got to New York

Everything felt right

I wish you were here with me

Tonight

I remember the days we spent together

Were not enough

And I used to feel like dreamin'

Except we always woke up

Never thought not having you here now

Would hurt so much

Tonight I've fallen and I can't get up

I need your loving hands to come and pick me up

And every night I miss you, I can just look up

And know the stars are

Holding you, holding you, holding you

Tonight

I remember the time you told me

About when you were eight

And all those things you said that night

That just couldn't wait

I remember the car you were last seen in

And the games we would play

All the times we spilled our coffees

And stayed out way too late

I remember the time you sat and told me

About your Jesus

And how not to look back

Even if no one believes us

When it hurts so bad

Sometimes not having you here

I sing

Tonight I've fallen and I can't get up

I need your loving hands to come and pick me up

And every night I miss you, I can't just look up

And know the stars are

Holding you, holding you, holding you

Tonight

I sing

Tonight I've fallen and I can't get up

I need your loving hands to come and pick me up

And every night I miss you I can't just look up

And know the stars are

Holding you, holding you, holding you

Tonight
