

Akon, Trouble

Okay, Akon
Stay outta trouble now son
Akon
Stay outta trouble now son
Let me tell you what hurts the most
I'm a convicted felon and I can't work
No matter where I go I try to get paid
They never give me good job 'cause they are afraid
That I'ma stick 'em up, oh yes, stick it
Rob the manager and everybody in it
That's the everyday life of a convict
Tryin' to make it, why they're saying to me
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
Me and my niggas on the block all day
Blocking dimes, lookin' out for Police
'Cause this the type of shit that we go through
Up in the ghetto just to make some G's
The street type got me gettin' locked up
About 5-6 times a week and then I make mon'
Take it from the profit of the weed
All this just to feed my seeds
I gotta stop this livin'
I witness one too many killings
I don' seen the hardest nigga straight
Drop to the ground and was never ever found so
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
I'm trying to stay away from trouble everyday
But its hard when the things you need
Picture lookin' at your babies in the face
When they hungry and they need to eat
I'm tryin' not to do wrong
But they wont let me do right
Even tho I done changed my life criminal records
What they judging me by, that's why
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
My mamma said, "Don't trouble nobody"
My Pappa said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
The judges said, "Don't trouble nobody"
Probation said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
My mamma said, "Don't trouble nobody"
My Pappa said, "Don't trouble nobody"
Stay outta trouble, don't trouble nobody
And I'ma try not to trouble nobody
