

Al Jarreau, I Will Be Here For You

Nitakungodea Milele

Nitakungodea Milele

These are the words I say ... when I want you near to me,

From that place deep in my heart ... you will see.

I am never far away ... when you turn to every place,

When you reach out for my love ... I'll be there , yeaaaah,

Chorus:

I will be here for you, baby,

I will be here for you when you're fallin',

I will be here for you, baby ... let me love you.

When the world's too hard to bear ... and you need a helping hand,

I'll be there, the one to help you understand,

If you wander far away ... Zambia or Monterey,

I'll be there ... the one to wash your tears away ... ay - ay - ay.

Chorus:

I will be here for you, baby,

I will be here for you when you're fallin',

I will be here for you, baby ... let me love you.

I will be here for you, baby ... let me love you.

Nitakungodea Milele

Nitakungodea Milele

Chorus:

I will be here for you, baby,

I will be here for you when you're fallin',

I will be here for you baby ... let me love you.
