

# Al Jarreau, Pleasure

Love me, love me tender  
My being surrenders to you  
'Cause you know what to do  
So make me, make me tremble  
That will be a symbol of  
The L-O-V-E's there when  
We make love  
We make love  
Ya bring me pleasure  
When I'm feelin' pain  
I go to meet ya  
In the fallin' rain  
It's such a pleasure  
When ya call my name  
Stay tonight and  
Play the pleasure game  
So baby, be gentle  
And cuddle a little with me  
Then tell me tenderly  
You want me, want me forever  
And say there's no better love  
Than what you get  
When we make love  
We make love  
Ya bring me pleasure  
When I'm feelin' pain  
I go to meet ya  
In the fallin' rain  
It's such a pleasure  
When ya call my name  
Stay tonight and  
Play the pleasure game  
Your love is such a pleasure  
And I'm so glad you found me  
I'm yours measure for measure  
Just wrap your arms around me  
Ya bring me pleasure  
When I'm feelin' pain  
I go to meet ya  
In the fallin' rain  
It's such a pleasure  
When ya call my name  
Stay tonight and  
Play the pleasure game  
The L-O-V-E's there  
When we make love  
We make love  
Ya bring me pleasure  
When I'm feelin' pain  
I go to meet ya  
In the fallin' rain  
It's such a pleasure  
When ya call my name  
Stay tonight and  
Play the pleasure game
