Ala Boratyn, Don't belive them

Follow me i'll open a secret gate before you I know a plac where things aren't only back and white People have happines in their eyes You can see other faces of a life I'll never lie to you I'll never hurt you again Run away from their empty words Don't belive them Don't let it waste you again Don't belive them Don't fall in a deep black hole Don't belive them They wait for a chance to mislead you Don't belive them Now come and stand on the edge of the earth Then look down and think about your mistakes Mak it good speed up and just take one step Makes you feel better cause now you're falling down
