

Alabama, Albama - Tlc Asap

I need TLC ASAP
Well my muscles ache and my feet are sore
Thank God it's Friday and it's almost four
Time to hit the door
We're gonna spend the week-end on the lake
We've been workin' overtime and we need a break
And Honey I can't wait
We know how to spell relief
got a good old-fashioned recipe
A little TLC ASAP
A little R & R for you and me
A gauranteed rat-race remedy
A little TLC ASAP
Take our books to read and a change of clothes
Girl I packed the cooler and the Coleman stove
And the radio
We can float on a raft in the sun all day
We can love in the moonlight hours away
While the crickets play
Well we work real hard six days a week
So this is somethin' we both need
A little TLC ASAP
A little R & R for you and me
A gauranteed rat-race remedy
A little TLC ASAP
A little TLC ASAP
A little R & R for you and me
A gauranteed rat-race remedy
I need TLC ASAP
TLC ASAP
R & R for you and me

R & R for you and me
