Alabama, Clear Water Blues

Clear water blues Thinkin' of you Sittin' here fishin' Catchin' a few Spendin' my days Just tryin' to lose These clear water blues

Clear water blues
Driftin' along
Nowhere to go
Now that you're gone
My lonely heart
Don't know what to do
With these clear water blues

Lookin' out across the ocean Blue is all I see And it seems like no matter How far I go Your memory just won't Set me free

Clear water blues Won't leave me alone Keeps on remindin' Me why you're gone My reflection Is showin' a fool In these clear water blues

Clear water blues
Still thinkin' of you
Sittin' here fishin'
Catchin' a few
Spendin' my days
Just tryin' to lose
These clear water blues
These clear water blues...
