

Alan Jackson, You Can't Give Up On Love

You say your heart's been broken
And you just can't win
You say that you'll never love again
Let me tell you friend

You can't give up on love
That's the one thing we've got to keep going
'Cause it don't come easy and it's so hard to hold
But you can't give up on love

Looked out my window and what did I see
It's another broken family
The kids are stayin' with mama at home
Daddy's livin' in a house all alone

You can't give up on love
That's the one thing we've got to keep going
'Cause it don't come easy and it's so hard to hold
But you can't give up on love

Troubled times make it hard to stay
So many lovers take the easy way
But don't go crazy and jump ship too soon
'Cause every day can't be a honeymoon

You can't give up on love
That's the one thing we've got to keep going
'Cause it don't come easy and it's so hard to hold
But you can't give up on love
No, you can't give up on love
Oh, you can't give up on love
