

# Alan Walker, Hero (feat. Sasha Alex Sloan)

Been here before  
It's in my muscle memory I'm pretty sure  
I recognize you  
There is something in your eyes  
Won't let you get away tonight  
You leave me in the dark  
I'm stumbling around like I'm a question mark  
Wondering if you're around to catch me if I fall  
If I come crashing to the wall

Will you light me up  
Jump start my heart  
I need someone  
Before the sun goes down  
Who's gonna save me now  
Some kind of hero

I can't breathe  
Hoping you're here to rescue me  
Before the sun goes down  
Who's gonna save me now  
Some kind of hero

Been here before  
It's in my muscle memory, I'm pretty sure  
I've felt this energy  
There's something in your touch  
Something reminding me of us

Will you light me up  
Jump start my heart  
I need someone  
Before the sun goes down  
Who's gonna save me now  
Some kind of hero

I can't breathe  
Hoping you're here to rescue me  
Before the sun goes down  
Who's gonna save me now  
Some kind of hero
