

# Alanis Morissette, Plastic

You got a plastic name and a plastic heart  
You can play the game or you'll never start  
I'm talkin' to you  
You got a plastic house and a plastic fence  
Gotta look around or you'll lose your friends  
Am I gettin' through?

You got a plastic girl in a plastic bed  
And she's in your house made of gingerbread  
And you're in there too  
Got a plastic smile on a plastic face  
But it's underneath that you can't erase  
But what can you do-do-do?

[CHORUS:]

Say Love-it's not that hard after all  
(tell me what I want, what I wanna hear)  
When everybody does  
Say Love-it's gonna tear down the walls  
(tell me what I want, what I wanna hear)  
if everybody loves

You live in a plastic dream through a plastic card  
But reality you don't disregard  
You know that it's true  
You got a plastic goal in a plastic life  
Gotta search your soul gotta make it right  
And here's what you do-do-do

[CHORUS]

Wake up in the morin'  
Some are not sleepin' tight  
A matter you've been ignorin'  
Why can't you just say it?  
Will not wait forever  
Can't you see I'm right  
I want you to endeavor  
To tell me again and again!

[CHORUS]
