

Alanis Morissette, Simple Together

You've been my golden best friend
Now with post-demise at hand
Can't go to you for consolation
Cause we're off limits during this transition
This grief overwhelms me
It burns in my stomach
And i can't stop bumping into things
I thought we'd be simple together
I thought we'd be happy together
Thought we'd be limitless together
I thought we'd be precious together
But i was sadly mistaken
You've been my soulmate and mentor
I remembered you the moment i met you
With you i knew god's face was handsome
With you i suffered an expansion
This loss is numbing me
It pierces my chest
And i can't stop dropping everything
I thought we'd be sexy together
Thought we'd be evolving together
I thought we'd have children together
I thought we'd be family together
But i was sadly mistaken
If i had a bill for all the philosophies i shared
If i had a penny for all the possibilities i presented
If i had a dime for every hand thrown up in the air
My wealth would render this no less severe
I thought we'd be genius together
I thought we'd be healing together
I thought we'd be growing together
Thought we'd be adventurous togheter
But i was sadly mistaken
Thought we'd be exploring together
Thought we'd be inspired together
I thought we'd be flying together
Thought we'd be on fire together
But i was sadly mistaken
