

# Alastis, ...And Death Smiled

I can catch rolls from outside  
I'm here for a long time, setting in the dark  
And lost again in my dreams...

Till my birth I was waiting, I was waiting for the final act  
And tonight I will meet the greatness,  
I've chosen to do all that's possible  
To keep higher the flame of liberty

But my destiny was not to survive.  
So, I'm ready but I still have questions...  
Is it the right way?  
Have I respected the rules?  
And if, would it not be the last passage?

Tonight, the final act, tonight, on the way  
Tonight... the return  
Tonight, on the way with the gods  
Tonight... the return  
Tonight, tonight...alone and free!

Tonight, the final act, tonight, on the way  
Tonight... the return  
Tonight, on the way with the gods  
Tonight, I'm on the way  
Tonight, to the other side

I don't want to know... why?  
It's all the same for me  
Why?... don't believe in me  
Why?... Please, look inside... You've already met me!
