

Albert Černý z Lake Malavi, Lucy

step into while you can
I swear it's like I blinked and I just
missed the time for action
one fool in the door
boy you blew your chance
coz serious
you thinking you're the one

lucy, don't you wanna think about it
are you gonna come around
that you are in a song
lucy, to saying what's on your mind

fall in love whit me like this
don't turn your back on me like this
I still see you wearing white dress
lucy!
