

Alestorm, Wolves Of The Sea

With a hii hii hoo and a hii hii hey!
We're hoisting the flag to be free
We will steal the show, Jolly Rogers go
We are wolves of the sea

Don't try to run it's all set and done
There's treasure in sight
We are robbing you blind I hope you don't mind
We are taking it all tonight

Just walk away we'll count it all
Pirates will stand and the loser will fall

With a hii hii hoo and a hii hii hey
We're bound to be close to the sea
Our captain will stand on the bridge and sing
Pirates are all we can be

With a hii hii hoo and a hii hii hey!
We're hoisting the flag to be free
We will steal the show, Jolly Rogers go
We are wolves of the sea

Down to the core we're coming for more
With a sword close at hand
We are scary and bold chest full of gold
We get sealegs when sighting land

The hook of our captain is looking at you
There's no Peter Pan so what can you do

With a hii hii hoo and a hii hii hey!
We're hoisting the flag to be free
We will steal the show, Jolly Rogers go
We are wolves of the sea
