Alestorm, Wolves Of The Sea

With a hii hii hoo and a hii hii hey! We're hoisting the flag to be free We will steal the show, Jolly Rogers go We are wolves of the sea

Don't try to run it's all set and done There's treasure in sight We are robbing you blind I hope you don't mind We are taking it all tonight

Just walk away we'll count it all Pirates will stand and the loser will fall

With a hii hii hoo and a hii hii hey We're bound to be close to the sea Our captain will stand on the bridge and sing Pirates are all we can be

With a hii hii hoo and a hii hii hey! We're hoisting the flag to be free We will steal the show, Jolly Rogers go We are wolves of the sea

Down to the core we're coming for more With a sword close at hand We are scary and bold chest full of gold We get sealegs when sighting land

The hook of our captain is looking at you There's no Peter Pan so what can you do

With a hii hii hoo and a hii hii hey! We're hoisting the flag to be free We will steal the show, Jolly Rogers go We are wolves of the sea
