

# Alex C. feat Yass, "Nothing"

Nothing  
And nothing's where you're at  
When you ain't got something  
You'll never get it back  
It's coming on like a drug  
The universal power of one  
But it don't mean nothing  
If it all comes undone (uh-huh)  
Fly away  
If you fly away  
You might die today  
If you fly  
Fly  
Gimme some love  
Gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing  
Gimme some love  
Gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing, nothing  
You're left with nothing  
And nothing's what you've got  
When you ain't got no-one, no-one  
You could have had the lot  
And if it's over today  
You'll never get that thing you had together, no way  
You only get it once  
Fly away  
If you fly, If you fly  
Gimme some love  
Gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing  
Gimme some love  
Gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing, nothing  
We ain't got nothing  
A day's a number  
Don't remember how you found it  
You will never feel the same  
And forever have to take  
It for granted, don't remember our mistake  
We ain't got nothing  
A day's a number  
Don't remember how you found it  
You will never feel the same  
And forever have to take  
It for granted, don't remember our mistake  
Gimme some love  
So gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing, nothing  
Gimme some love  
So gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing, nothing  
Gimme some love  
So gimme some skin  
If we ain't got that then we ain't got much  
And we ain't got nothing, nothing  
Gimme some love  
So gimme some skin

If we ain't got that then we ain't got much  
And we ain't got nothing, nothing
