

Alex Clare, War Rages On

Don't worry
You'll be on my side
Through it all
Through hard shapes on team
We still survive for the far

Please don't pass me by
Can't you hear me calling at you name
Forgive those things I do
Don't turn your back when I need you
War Rages On

When darkness comes
You are like a burning light
Through it all

When storm necks me down
Call for me from the death
Time after time

Please don't pass me by
Can't you hear me calling at you name

Please forgive those things I do
Don't turn your back when I need you

War Rages On
I am still here by your side
Light is still down as the dark is all night

War Rages On
I am still here by your side
Light is still down as the dark is all night

Please don't pass me by
Can't you hear me calling in you name

Please forgive this things I do
Don't turn your back when I need you
War Rages On
